FAX (419) 891-3037

Chemical Emergency (24 hr):  
- Within U.S. & Canada (800-424-9300)  
- International (703-527-3887)

Effective Date: 02/22/1999 Revised: 07/15/2004

## SECTION II

### IDENTITY/HAZARDS

**NAME: SUCROSE MONODODECANOATE,  
ANAGRADE<sup>7</sup>  
( $\beta$ -D-Fructopyranosyl- $\alpha$ -D-glucopyranoside  
monododecanoate, Lauroyl sucrose,  
Dodecanoyl sucrose)**

### **CATALOG # S350**

CAS # 25339-99-5  
Formula: C<sub>24</sub>H<sub>44</sub>O<sub>12</sub>

The toxicity of this product is unknown.

## SECTION III

### FIRST AID MEASURES

In cases of skin contact, wash with copious amounts of water for at least 15 minutes.  
In cases of eye contact, flush with copious amounts of water for at least 15 minutes.  
In cases of inhalation, remove to fresh air and monitor breathing. In cases of ingestion, wash mouth out with water and consult the local poison center and a physician.

## SECTION IV

### HANDLING AND STORAGE

As part of general hygiene/safety procedures, all good laboratory practices (GLPs)

should be followed in handling any laboratory chemical or biological material to avoid contact with material. Avoid contact with material by wearing appropriate personal protective clothing, including, but not limited to, chemically resistant gloves and chemical safety goggles. Avoid prolonged or repeated exposure to any chemical or biohazardous material. Lab should be equipped with a safety shower and an eye wash station. Wash thoroughly after handling material.

## SECTION V

### DISPOSAL CONSIDERATIONS

Federal, state and local regulations regarding the disposal of chemicals change frequently. For this reason, we recommend contacting your local Department of Health Services for information on the proper disposal of specific products.

## SECTION VI

### OTHER INFORMATION

Avoid prolonged or repeated exposure. Material should only be handled by qualified, experienced professionals.

### COMMENTS

The absence of hazard, toxicity or other information does not imply or guarantee that a product is safe. Handle all chemicals with due and appropriate caution and under competent supervision. Minimize exposure and contact. Use good manufacturing or laboratory practices.
